FROM: Richard W. Boers, Commissioner
Forestry & Open Space Planning

SUBJECT: Buckeye Basin Greenbelt
Property owned by S. H. Tuber Company

This is to advise your office that the Division of Forestry and Open Space Planning has initiated acquisition negotiations with the S. H. Tuber Company for the property which they own in the Buckeye Basin Greenbelt Project (identified as:)

BUCKEYE BASIN GREENBELT, Lots Nos. 590 through 614 in McLean's Glassboro Addition; Lots Nos. 1 through 18, Block 211 in North Toledo; Lots Nos. 1 through 18, Block 199 in North Toledo; Lots Nos. 8, 9, and 11 through 18, Block 185 in North Toledo; the South Triangle Southwest of Cleveland Street and East of the West 8 AC± in J. E. Hunt Tract, Port Lawrence Lands. Total 10.826 Acres.
OWNER: Samuel H. Tuber, et al.

We would strongly urge that the Health Department not take any actions which might jeopardize the success of these negotiations. It is our understanding that no permit currently exists for this property and we certainly do not object to enforcement of no dumping at the site. However, we would request that no court action be taken.

If you have any questions please contact our office.
